GRAPHIC DESIGN

Your custom responsive template, infinitely modifiable and at lower cost

Does your Template optimize the deliverability and click through rate of your campaigns?

Unique graphic proposal

Entrust the creation of your template to a Mailify certified webdesigner. The template is a responsive design and applies the best practices for optimizing the click rate and deliverability. Studio Mailify's designers create a custom template that you can update for each of your future communications. Remember, your customers are Mobile First.

High level of requirements

You choose your level of customization according to your requirements and your budget. Using the studio is the guarantee of a powerful visual eye-catcher that respects all the constraints linked to the deliverability and reactivity of your recipients.

Our service:

- Unique graphic proposal
- Graphical corrections (3 round trips)
- Emailbuilder Integration
- Delivery of the Template to the account

Associated expertise:

- Updating Texts / Images / Links
